

## **EVALUATE.**

*Established in 1972, A. Jay Meier Insurance helps you evaluate whether you have the insurance you need — as well as whether you need the insurance you have. Our one-on-one evaluation can help you:*

- decide whether your current coverage is reflective of your present life situation
- save money by eliminating unnecessary coverage or by adjusting your coverage
- review your options, suggesting alternative coverage, when needed

## **EDUCATE.**

*Based upon our evaluation, we take the time to educate you on our findings, giving you:*

- a better understanding of your coverage and your needs
- options and choices on upgrading, improving or changing your coverage
- information you need to make educated choices, keeping your insurance needs current and up-to-date

## **COMMUNICATE.**

*We continue this communication with you throughout the life of your policies, keeping you informed of any changes in offerings or products, and giving you:*

- a greater sense of control over your insurance portfolio
- continued access to our depth of services with one call
- one local primary contact person

***Call us to schedule your FREE Evaluation, and see how we can help you . . .***
