... I have known Doug Smith for 35 years and I know he would be a great Portsmouth City Council member. Doug wants thriving safe neighborhoods, where our families can be safe in their homes and neighborhoods."

Doug Smith: Hiring More Police Officers

"I work with police officers every day and I know the Portsmouth police are under-staffed. We do not have enough police officers patrolling our streets. Doug Smith has the professional background and the personal experience to understand that we must have more police officers. Doug will get more police officers on our streets."

Doug Smith: Retaining Our Trained Police Officers

"Every year, we are losing too many of our trained police officers to other higher paying Hampton Roads cities. With Smith's creative thinking skills, he will retain our most experienced police officers and keep them here.

Smith will add more police officers and keep our police officers protecting our Portsmouth streets so our homes and our families will be safer.

I am encouraging you to help fight crime in Portsmouth by joining me in voting for Doug Smith for Portsmouth City Council."

— "Earle Mobley"
